VOL. 50 — No. 4

FIRST MEETING FOR ANNUAL CARNIVAL BALL HELD MONDAY NIGHT

Dr. James A. Evans, elected Chairman For This Year's
Affair—Committees Appointed—Next Meeting To
Be Held Wednesday, January 28th.

The first meeting for the annual Carnival Ball given under auspices of the St. Joseph Academy Parents Club was held on Monday evening at the academy with twenty-eight persons in attendance and perhaps the greatest amount of enthusiasm yet shown at an opening meeting.

Mr. Leo W. Seal, last year's Carnival King, presided temporarily at the meeting and upon nomination, Dr. James A. Evans was unanimously nominated and elected chairman of this year's Carnival Ball.

Dr. Evans graciously accepted the appointment and stated that no cause was more worthy than that of the Carnival Ball, the proceeds of which are given to the Sisters of St. Joseph and used to assist in educating children.

The date selected for the ball this year is Saturday night, February 14, and the hour nine o'clock.

The usual court of king and queen will hold sway and prizes of \$25.00 each for king and queen and \$5.00 each for maid and duke will prevail as heretofore. The usual admission charge of 50 cents will stand, and from this will be deducted the Federal amusement tax.

Committees to serve were named as follows: General Chairman, Dr. James A. Evans; Court Committee: A. G. Favre, Leo W. Seal, Mrs. Lucien M. Gex, Mrs. Irma Fahey.

Ticket Committee: Mrs. A. Vassalli, chairman; Mrs. E. P. Orte, Mrs. L. G. Ford, Mrs. Rhea Bonck, Mrs. M. A. Gilmore.

Advertising: Mrs. Charles G. Moreau, chairman; Miss Mae H. Edwards, Mrs. G. F. Stevenson.

Decorations: Mrs. Louis F. Maumus, chairman; Mrs. F. R. Curran, Mrs. Mildred Piazza, Milton Phillips.

Door Committee: W. L. Bourgeois, chairman; Thomas G. Smith, H. G. Perkins.

Music: A. A. Scafield, Mrs. F. J. Trastour, Al. Voight.

Refreshments: Mrs. L. S. Elliott, Mrs. T. M. Hendrix, Mrs. A. Trapani, Cloak Room: Mrs. Randolph Bourgeois, Mrs. Rene Bernond.

Flowers: Mrs. A. G. Favre, chairman; Mrs. A. A. Scafield, Mrs. E. C. Carrere, Mrs. E. J. Arceneaux.

Entertainment: Mrs. Theo Tudury, Miss Dorothy Tudury.

Electrical: G. F. Stevenson, George Horton, George diBenedetto.

A fitting tribute was paid two late chairmen of the Carnival Ball, Mr. Charles G. Moreau and Mr. George R. Rea who had assisted so ably in sponsoring the ball each year and served the former as first king, and the latter as chairman for several years.

The date for the next meeting was named as Thursday, January 29, at eight o'clock and all committees and chairmen are asked to attend the next meeting and report on what progress has been made.

ANNUAL PARISH MEETING HELD FOR EPISCOPAL CHURCH

The annual church supper which was to have been given in the beginning of the month by the Episcopal Guild of Christ Church at their parish house has been postponed on account of the illness of the pastor of Christ Church, the Rev. Mr. Warwick Aiken.

Mr. Edgar Bohn of Pass Christian, a lay reader, has been taking the place of Mr. Aiken and it is thought that Mr. Aiken will be in the pulpit this Sunday.

The annual report of the finances of the church was given and showed a creditable amount given to foreign missions and an excellent financial status of the church's affairs.

The congregation is looking forward with pleasure to the return of Rev. Aiken to his pulpit.

Lumber Contributes To Defense Program

"There is no way of determining the total amount of lumber required for defense purposes, since the scope of our defense program has never been defined," states a writer in a recent article prepared by the Timber Engineering Company, Washington.

State Forester Albert A. Leggett says the author of the article pointed out the use of lumber for direct defense in the next twelve months would require vast quantities for the following purposes:

Troop housing program 1,000,000,000 bd. ft.; public and privately financed defense housing, 4,500,000,000 bd. ft.; defense construction, 2,500,000,000 bd. ft.; and boxes and crates for munitions and stores, 100,000,000 bd. ft.

REGARDING BLACKOUTS, AIR RAIDS

City Council Issues Ordinance—Published Elsewhere in This Issue

In conformity with Government regulations regarding blackouts and air raid protection as is prevalent throughout our nation, our honorable Mayor and City Commissioners met and passed an ordinance regarding blackout and air raid protection which it will be necessary for all citizens of Bay St. Louis to adhere strictly to.

While the zone of active war may still be far removed from Bay St. Louis, and while peace and tranquility reigns and we continue to pursue our daily routine, still we must not forget that preparedness is the watch-word of all Americans and despite the fact that the waters of Bay St. Louis are not deep enough to constitute a hideout for submarines, our mild climate and clear weather, with the added low and flat terrain, and our many white-painted houses make excellent targets for enemy air craft.

Hence, while we hope that active war will not be brought to our fair city, we must take every precaution against any such possibility and meet every requirement that is placed upon us for our own and everyone else's safety and to make ourselves acquainted with all black out regulations is just another way of declaring ourselves patriotic Americans, willing to do our part whenever and wherever called upon.

The boy scouts of Troop 217, under direction of Scoutmaster Fred Fayard, and Troop 208 under direction of Scoutmaster Carl Arnold will distribute booklets on blackout and air raid protection at a later date and citizens are asked to accept the booklets and read them and be prepared to carry out whatever instructions are therein contained.

W. B. A. REVIEW CHANGES DAY OF MEETING

Also Meeting Place—To
Have First Aid Class

Review No. 10 of the Woman's Benefit Association met on Monday night in the Girl Scout House with its president, Mrs. Albert Biehl, presiding.

The members decided to meet in future on the first Thursday of the month at 7:30 p. m., in the Knights of Columbus Hall on Main street.

A class in first aid will be taught members of the organization at a date to be announced in the near future.

United States Civil Examining Board To Receive Applications

The U. S. Civil Service Examining Board at Maxwell Field, Alabama, is receiving applications at this time for Sheetmetal Workers, Mechanics, and Electricians with aircraft experience in these lines of duties at Keesler Field, Mississippi.

These applications must be filed in Maxwell Field at the earliest practicable moment as it is desired that the examination be closed when that action is complete no temporary appointments are going to be authorized within the Engineering Section of the Sub-Depot now being established at Keesler Field.

Persons qualified within the above and other aircraft maintenance crafts should apply immediately.

CIVILIAN DEFENSE COUNCIL

Of Jackson Issues Bulletin
On Accomplishments
From May 7 to
Jan. 15, 1942

From the office of Lea B. Robinson, chairman of Mississippi Civilian Defense Council, Jackson, the following bulletin was issued covering the period from May 7, 1941 until January 15, 1942, to the Council having begun on May 7, 1941 with the following plan: Civil Protection, Agriculture and Land Use; Health, Welfare and Consumer Interest, Housing and Public Works; Human Resources and Skills; and Public Utilities, Industrial Resources and Production.

Local defense councils were organized in eighty-two counties in Mississippi and in each city with a population of 5,000 or more. On July 18 and 19, 15,000 Mississippians volunteered their services for civilian defense.

Organization of Junior Defense Councils in each county is being completed with groups from Boy and Girl Scout organizations, Girl Reserves and 4-H Club members. Through their campaign "War Against Waste" has been started, collections of tin, paper, aluminum, scrap iron and rubber for defense have been aided.

The Aircraft Warning Service has been organized in the state with 635 observation posts.

Facility cards giving information on available equipment and labor controlled by industrial concerns, and assisting to guide defense contractors who have work to let under sub-contracts or to the proper Government Procurement Offices.

A survey of transportation facilities has been made by each county transportation committee, and a survey was made of all fire fighting equipment and water supplies in Mississippi, the result of the latter survey bringing about the purchase by municipalities of more adequate fire protection.

A fire rationing board has been set up in each county and record of stock of tires and tubes on hand in Mississippi has been obtained.

The participation of negroes has not been overlooked in planning for civilian defense and each council is adapting its program to the negroes also.

Let us remember that the purpose of Civilian Defense is to enable the civilian population to do its full duty to the fighting forces and to enable civilians in emergencies and disasters to take care of themselves, and not burden the military. Its purpose is also to see that nothing is wasted by civilians which is needed by the Army and Navy, and to bring civilians to the realization that they must cease to regard themselves as spectators at a football game and go to work doing for themselves.

The Mississippi Federation of Women's Clubs has offered the facilities of the State Club House for state headquarters, and the Council's Consumer pledge is:

"I will buy carefully
I will take good care of the things I have
I will waste nothing"

WOMAN'S SOCIETY MEETING

Held Tuesday Afternoon at
Methodist Church—Officers
Installed For the
New Year.

The Woman's Society of Christian Service of the Methodist Church met on Tuesday afternoon at the Methodist Church and installed the following officers for the year 1942.

Mrs. A. C. Exniclos, president; Mrs. C. C. McDonald, vice president; Mrs. Charles Mitchell, treasurer; Mrs. Isabelle Joyner, assistant treasurer; Mrs. W. W. James, recording secretary; Mrs. E. C. Weston, assistant secretary; Mrs. Alice Buckley, corresponding secretary; Mrs. T. T. Robin, Mission Study; Mrs. C. M. Ship, Spiritual Life Group; Mrs. Leo W. Seal, supplies; Mrs. James A. Evans and Mrs. F. J. Nelson, local work and Christian Social Relations; Mrs. A. M. Ellison, Student and Children's Work; Mrs. Elizabeth Jenkins, World Outlook; Mrs. Lucille Anderson, publicity.

Mrs. W. A. McDonald, membership chairman; Mrs. Roy Cagle, fellowship chairman; Mrs. J. B. Goldman, organist; Mrs. T. W. Muller, birthday chairman.

Officers were installed by the Rev. A. M. Ellison and the meeting was well attended and an interesting one.

Plans were made for a large group of workers to work at the Red Cross Production Center on each Friday.

Committees for financial work for the coming year were named and grouped into four and the same plan will be used as was so successful last year.

Reports showed that the society gave to the conference and local work an amount in excess of \$500.00.

MARCH OF DIMES PARADE

Next Wednesday, January
28th—Help Fight Infantile
Paralysis

The March of Dimes for the benefit of the National Foundation for Infantile Paralysis which is being conducted over the nation and which will terminate on next Wednesday, January 28th with a large parade which will be participated in by all civic and school organizations continues and everyone in Bay St. Louis and Hancock county is reminded to continue the chain and send in their donations to this most worthwhile of benefits.

The Mississippi Forestry Commission reports 500,000 slash pine seedlings have been obtained from the Georgia Forest Service to meet additional demands for this species. These will be sold at approximately \$2.50 per thousand. Orders should be sent direct to Richard C. Allen, Nurseryman, Mt. Olive, Miss.

The increase of almost 30 per cent in automobile deaths in Mississippi during the first six months of 1941 as compared with the same period of 1940 gives us pause. Even in a state of emergency where our sensibilities are prepared for large-scale casualties, we cannot but be shocked by such an overwhelming increase of unnecessary death. From 178 motor vehicle deaths during the first six months of 1940, the figure rose to 246 for the same period in 1941. Perhaps tire rationing and all-out war production are not an unmitigated evil but will help to save a heedless population racing toward self-destruction. Even the vicissitudes of war may have advantages.

Automobile Deaths In Mississippi Increase 30 Per Cent in Six Months

PERE LE DUC COUNCIL KNIGHTS COLUMBUS MET MONDAY NIGHT

To Sponsor Another Bingo
Game — Members In
Service Not To Pay
Per Capita Dues

At a meeting of Pere Le Duc Council of the Knights of Columbus held on last Monday night, it was decided to eliminate associate and per capita dues of the twelve members of the council who are in service in the different branches of the United States.

A nice sum was realized from the bingo party given at Trapani's recently and as heaters have been installed in the Soldiers' Lounge, but not enough money was realized to cover installation of the heaters and another bingo party is planned for Sunday, February 1st with handsome prizes for the winners. Two entrance prizes of a \$5.00 and a \$2.50 defense savings stamp will be awarded lucky players.

Mrs. A. C. Exniclos, president; Mrs. C. C. McDonald, vice president; Mrs. Charles Mitchell, treasurer; Mrs. Isabelle Joyner, assistant treasurer; Mrs. W. W. James, recording secretary; Mrs. E. C. Weston, assistant secretary; Mrs. Alice Buckley, corresponding secretary; Mrs. T. T. Robin, Mission Study; Mrs. C. M. Ship, Spiritual Life Group; Mrs. Leo W. Seal, supplies; Mrs. James A. Evans and Mrs. F. J. Nelson, local work and Christian Social Relations; Mrs. A. M. Ellison, Student and Children's Work; Mrs. Elizabeth Jenkins, World Outlook; Mrs. Lucille Anderson, publicity.

Even the vicissitudes of war may have advantages.

The increase of almost 30 per cent in automobile deaths in Mississippi during the first six months of 1941 as compared with the same period of 1940 gives us pause. Even in a state of emergency where our sensibilities are prepared for large-scale casualties, we cannot but be shocked by such an overwhelming increase of unnecessary death. From 178 motor vehicle deaths during the first six months of 1940, the figure rose to 246 for the same period in 1941. Perhaps tire rationing and all-out war production are not an unmitigated evil but will help to save a heedless population racing toward self-destruction. Even the vicissitudes of war may have advantages.

The increase of almost 30 per cent in automobile deaths in Mississippi during the first six months of 1941 as compared with the same period of

HIGHWAY SAFETY AND DEFENSE

TRAFFIC safety experts have been assuring motorists for years that accidents can be greatly reduced if reasonable care, alertness, and regard for the rights of others are observed; and this has been proved true by thousands who have operated their cars without serious accidents. Yet the accident rate remains high (approximately 34,500 motor car fatalities throughout the United States in 1940) and is increasing as great numbers of soldiers and defense workers acquire driving privileges they did not have before the defense program began.

Obviously, the need for traffic safety education is large. Too many young soldiers on leave, sometimes returning to camp late at night, have been victims of needless head-on collisions. A hint as to the remedy as well as a poignant lesson in Army morale may be found in the announcement that during the recent maneuvers of the First Army in the Carolinas, the accident rate among soldiers was reduced 50 per cent under the periods of relative inactivity at camp.

The cause for which America is fighting is too precious for any of its strength to be wasted in unnecessary accidents. Drinking and driving are a bad combination. At Army camps, defense plants, offices and elsewhere, Americans may be reminded that in times like these vigilance is required of all drivers, says the Christian Science Monitor.

SAVE YOUR PAPER

CONSERVE paper! That request has been made to all the people by the government. Even before we were in the war, the government was using one-third of the nation's paper box production for arms needs, and now military demand will rapidly increase. On top of that, the armed forces have many other important uses for paper of all kinds. The cheapest forms of paper, such as newsprint, can be reclaimed and made into boxes and other articles.

When you do your shopping, get along with a minimum of wrapping. The National Association of Food Chains offers consumers five good suggestions when it says: 1. Don't ask for a bag when an item is already packaged. 2. Don't ask for separate bags unless necessary—or any bag at all if you have only a few items to carry. 3. Take groceries in cartons when available—then use the cartons as receptacles in which to save waste paper at home. 5. Remember to save on all kinds of paper.

Don't think the stores you patronize are being stingy when they stop using paper, string, tape and other wrappings in the wastefully lavish form we've become used to. When they cut down on paper use, they are cooperating with the government. This is just one more of the many ways retailing in all its branches, chain store and independent store alike, is serving the country now.

Every family can help in the conserve paper drive. Save all you can and turn it in when you reach a substantial poundage. The Army and Navy need it.

MISSISSIPPI—SHIP BUILDING STATE

THE Pascagoula branch of the Ingalls Ship Building Company a few days ago turned out one of the finest jobs ever constructed in Mississippi. It was the S. S. African Comet built in 16 months at a cost of slightly under \$5,000,000 for the American South African Line. The ship is 492 feet long, has 17,000 ton displacement and is said to be the first all-welded passenger vessel ever built. Her engines are guaranteed to develop 9,350 horse power and she has a speed of 18 and one-half knots loaded. Her 40 beautiful staterooms have three berths each. She carries a beautiful and commodious swimming pool and her gallery cost \$70,000. As this fine ship was towed down the "singing river" into the Mississippi Sound where she met all the tests required of a first-class sea-going vessel she was the pride of the shipbuilder's art. A small model—a miniature—of this ship is on display in the capitol at Jackson, in the rotunda on the second floor. It is a matter of pride to all Mississippians that such a ship can be and is being built in our own state.

RED-CROSS FIRST AID INSTRUCTORS

UP until recently Hancock county was suffering from the lack of Red Cross First Aid instructors, however there is no scarcity now.

Last Friday, at the close of a first aid class for instructors conducted by Mr. Charles W. Russell, a field representative from Washington, D. C., over forty persons passed the course and received certificates as Red Cross First Aid instructors.

The class was conducted in excellent manner and Hancock county can well be proud of the graduates.

The instructors besides being qualified to instruct first aid classes will be of great value to the community in case of any disaster which might visit this section.

SINCE much is being said about a short session of the present legislature it is interesting to note that the longest session in the history of the state was in 1930, the second regular session, in the second term of Gov. Bilbo. That session convened on Jan. 7 and adjourned on May 15th. Only two other sessions ever ran into the month of May—1932 which adjourned May 18th and 1940 which adjourned May 18th.

YOUNG AMERICA IS AWAKE

IN recent years many articles have been published, states the Jackson Daily News, in newspapers and magazines charging that our younger generation has grown fat, lazy, listless, selfish, over-indulgent and devoid of the spirit of those brave and hardy pioneers who carved civilization out of a wilderness in the Western hemisphere.

It isn't true, of course. It bears not even a remote resemblance to truth.

As these lines are being written in a suburban home warplanes are droning overhead. At their controls sit brave, clear-eyed, quick-thinking young men who dare death even more dangerously than our forefathers who fought at Yorktown, Buena Vista, Shiloh, Santiago, Chateau-Thierry, or any other battlefield where American soldiers have bared their breasts to bullets since the dawn of the republic.

It is not true that this generation is selfish, self-centered, devoid of patriotism and afflicted with mildewed souls.

Young America today is as valiant as any fighting force on the face of the earth.

The spirit that made this nation great is being fully awakened.

The fighting blood of pioneers was no less hot than that pushing in the armed forces now responding to the call to the colors. It is rolling like a mighty tide from ocean to ocean, from the Great Lakes to the Mexican Gulf.

Young America is awake and going forth to war.

Young America will not stop until it has destroyed the sinister forces that threaten to destroy civilization.

ALL MUST HELP

EVERY community in the country, from crossroads village to metropolis, must join in a fire prevention program which will really get results and cut our disgracefully high fire loss to the absolute minimum. Such a program would be invaluable to the nation in times of peace. In times of war, when labor and materials must be conserved, it is an absolute necessity.

As W. E. Mallalieu of the National Board of Fire Underwriters, has pointed out, "It is too late to think about fire prevention after vital resources are destroyed. Conditions conducive to serious fires are either eliminated or controlled by strict enforcement of an embracing fire prevention ordinance. Handling of flammables and explosives is regulated; cleanliness in industrial plants as well as in all business houses is enforced. The management of a plant at work on defense orders might say that its premises are absolutely safe from fire. That still would not protect that plant from fire which might start in the building next door because of improper care."

The National Board, in company with the National Association of Insurance Agents, is leading the drive for the adoption of a model fire prevention ordinance by all communities. Work toward this end is underway in most of the states and it will be intensified. The cooperation and interest of local authorities, civic groups and the public at large, is urgently needed. Fire prevention is not the other fellow's business. It's your business.

Every fire amounts to a drag on the war effort. Every fire prevented, aids defense. All communities, all families, all individuals must help.

FATHER OF GULFPORT

AN interesting meeting was held in Gulfport last Sunday afternoon. It was the unveiling of a Memorial in honor of the late Capt. Joseph T. Jones, usually referred to as the "Father of Gulfport." Mr. Jones came to Gulfport when it was a very small town; surrounded by marshes and the shallow water out to Ship Island. He went to work on a broad plan of development and soon had the Gulf and Ship Island Railroad running from Gulfport to Jackson and then he dredged a channel from the "shore" to Ship Island where there was a good, natural harbor. Soon he had the nations of the earth sending their merchant ships into the harbor at Gulfport where they loaded lumber, cotton and other Mississippi products from the huge pier built for the convenience of loading and unloading ships. It is doubtful if there is a nation in all the world where one could not find buildings constructed of Mississippi Yellow pine, which went out thru the Gulfport harbor. Gulfport is now a progressive and splendid little city which paused in its busy life to pay honor to the memory of its founder.

VISION IN EYES, THAT SEE NOT

BLIND persons can see as well as you and I—the vision of a free world, a world purged of war and oppression, devoted to the arts of peace.

More than 2000 pairs of such unseeing eyes must be fixed on such a vision these days, for 2219 men and women in 54 workshops in 27 states are now turning out orders for government goods useful in defense. Quite aside from the fact that through the National Industries for the Blind, these people are enabled to earn their own way, and thus gain personal confidence in the future despite their handicaps, it must be a tremendous stimulus of hope for them to feel that they, too, are enabled to contribute to the effort to win through for freedom. It is a wonderful thing that these people, deprived of physical sight, are not denied a glimpse of the future.

THE IRISH ARE NEUTRAL

EAMON de Valera, the Prime Minister of Eire, says that his country will remain neutral in the present world conflict.

The people of Southern Ireland have the right to decide their course during the present war. If they choose to stand aloof from the United States and Great Britain, while these nations are engaged in a battle to determine the safety and security of Ireland, as well as of themselves, it is within the rights of the Irish.

Should Eire remain neutral, making no difference between the contending forces, it will be time to forget some of the twaddle that is industriously circulated in this country about the Irish, and their friendship for the United States.

Congressional Sidelights

by Congressman Wm. M. Colmer

DONALD M. NELSON

THE Administration has been under constant fire from Congress because of some of the appointments made to head the various agencies set up under the war and defense programs. Upon several occasions Congress has gone so far as to withhold funds from the agency because of the appointment of the head of that particular agency. Congress complains that these appointments are of the "leftist" wing and, upon numerous occasions, it has been shown that these heads so appointed had previous "leftist" and even communist affiliations. Among the appointees who have met with disfavor with Congress, and especially the Southern bloc, have been such men as Leon Henderson, head of the office of Price Administration; Mayor La Guardia, head of the Office of Civilian Defense; Dean Landis, as Assistant of the Office of Civilian Defense and the man who gave the whitewash brush to Harry Bridges; and many others. A recent example of this Congressional opposition was when the House refused to authorize the appropriation of \$100,000,000 for civilian defense to be administered by La Guardia and placed administration of the program under the War Department even though that Department said it did not want to handle civilian defense.

However, Congress was heartened and applauded the appointment of Donald M. Nelson to head the War Production Board. Mr. Nelson, formerly connected with Sears Roebuck & Company, has demonstrated his ability to cut governmental red-tape and get action. This post is regarded as one of the most important in the Government today; for it is now fully realized that this war will either be won or lost in the field of production. As we have previously pointed out, this is a mechanized war, and the country which produces the most planes, tanks, guns and ships, will furnish the men to equip them. Mr. Nelson gives promise of the man who is qualified to see that these planes, tanks, guns and ships will be manufactured quickly enough and in volume enough to guarantee that victory.

LABOR AND CAPITAL

If, in fact, Mr. Nelson turns out to be that man and can conceive the whole-hearted cooperation of capital and labor that victory is assured, for this is a mechanized war the man on the assembly line in the factories, cooperating with industry, can insure that victory. Labor and industry in this war are just as important as the soldier in khaki or the sailor in blue. America has been slow to realize this fact, but it is surely, if slowly, becoming more apparent to the American citizen. At this time the cooperation of labor and capital is most heartening. If this condition continues labor and capital will have built for themselves a record of which they can be truly proud when victory will have been won. This fact should be stressed more and more and labor should be made more and more conscious of the important role it plays in this war. Certainly it has a rare opportunity to build a record of which it would be proud and which would ever rebound to the benefit and glory of labor.

ARMY EXPANSION

Secretary of War Stimson has announced that an increase in the Army's strength to 3,600,000 from the present 1,700,000 has been authorized. He said that this expansion contemplates that air combat units will be doubled; armored units will be doubled; thirty two additional motorized or triangular divisions will be organized; a proportionate increase in anti-aircraft, engineer, and similar special units will be made; fifty or more military police battalions will be organized to replace troops now guarding critical facilities of the continental United States.

He said further that the officer training program, which originally called for the training of only 10,000 will be stepped up and that 90,000 privates will be enrolled. Enlisted men and warrant officers who have had a minimum of four months at a basic training center of six months in the field are eligible. It is expected that 75,000 will successfully complete the course and be commissioned as second lieutenants.

Selective Service Director Hershey expressed the opinion that the men needed for this huge increase in the Army could be supplied without calling up men who have dependents. The Selective Service System now has a reservoir of over 1,000,000 class 1-A registrants. General Hershey said that there would be 2,000,000 men between 20 and 21 registered February 16 and that from fifty to sixty percent of these would be available for immediate service and that about five percent of the 8,000,000 new registrants between 38 and 44 would be eligible.

Gallup poll finds a big majority for daylight time all year.

HONOLULU

The city and county of Honolulu has been granted \$295,145 to provide for additional anti-aircraft equipment. This is the first Defense Public Works project to aid a war-damaged community.

ORTIE THEATER'S SATURDAY NIGHT SHOW AT 11 P. M.

Bud Abbott and Lou Costello in "Keep 'Em Flying."

Heralded as one of the biggest comedy offerings in years, Universal's "Keep 'Em Flying," starring Abbott and Costello, with Martha Raye, Carol Bruce, William Gargan and Dick Foran, in featured support, opens Saturday night at 11 P. M., also Sunday and Monday at the Ortie Theater. The vehicle, produced on a lavish scale, is backgrounded against Uncle Sam's efforts to annually train an additional 50,000 officers for the Army Air Corps.

Merging riotous hilarity with romance, songs and aviation thrills, the offering boasts of a big and brilliant supporting cast headed by Charles Lang and the Six Hits. Made with the full cooperation of the War Department, most of the scenes were photographed at Cal-Aero Academy, Ontario, Calif., one of thirty privately-operated flying schools now under contract to the government.

Abbott and Costello portray air school "grease monkeys" while Misses Bruce and Raye are seen as singing hostesses in a USO clubhouse. Gargan characterizes a civilian flying instructor, while Foran appears as a circus stunt flyer who enrolls in the school in order to be near Miss Bruce. Charles Lang portrays Miss Bruce's brother, a flying cadet. William Davidson is operator of the amusement park that figures in the opening scenes.

Four hundred screen extras and other players are included in the roster of "Keep 'Em Flying."

NOTICE TO CREDITORS

STATE OF MISSISSIPPI
COUNTY OF HANCOCK

Executors Notice to Creditors of Edward Wunderlich, Deceased. Letters testamentary having been granted on the 12th day of January, 1942, by the Chancery Court of Hancock County, Mississippi, to the undersigned upon the estate of Edward Wunderlich, deceased, Cause No. 4545, notice is hereby given to all persons having claims against said estate to present the same to the Clerk of said Court for probate and registration according to law within six months from this date, or they will be forever barred.

CHEVROLET

invites the millions of patriotic, forward-looking Chevrolet owners—and, in fact, all motorists—to join with Chevrolet dealers in a great national "CAR CONSERVATION PLAN"

To conserve rubber—to make your tires last longer—have your steering and wheel alignment checked with this special equipment at your Chevrolet dealer's.

CONSERVE TIRES—
ENGINE—TRANSMISSION
—EVERY VITAL PART

Chevrolet's new "Car Conservation Plan" is designed to help you keep your car serving faithfully for the duration, and invites your cooperation on the following points: (1) Observe the simple, fundamental, thrifty rules of car care, such as keeping tires properly inflated, checking battery, water, oil, etc. (2) Get a simple "check-up" at your Chevrolet dealer's now, and avoid major troubles later. (3) See your Chevrolet dealer regularly.

CHEVROLET DEALERS SPECIALIZE
IN THESE "CONSERVATION SERVICES"

1. TIRE SERVICE (to conserve rubber).
2. RADIATOR (to safeguard cooling system).
3. LUBRICATION (to conserve motor, chassis).
4. BRAKES (to preserve lining, etc.).
5. MOTOR TUNE-UP (to conserve engine and fuel).
6. CARBURETOR AND FUEL PUMP (to save fuel).
7. STEERING AND WHEEL ALIGNMENT (makes tires last longer—conserve rubber).
8. BODY AND FENDER REPAIR.
9. CLUTCH, TRANSMISSION, REAR AXLE.
10. HEADLIGHT AND ELECTRICAL CHECK-UP.
11. SHOCK ABSORBER SERVICE.
12. PAINTING, REFINISHING, WASHING, etc.

Bonds numbered 148 to 196 inclusive shall be callable for redemption at the option of the city in inverse numerical order on December 1, 1943, and on any interest payment date thereafter at the price of par and accrued interest to the date of redemption, provided that funds for such purpose are available from surplus revenues derived through the operation of the gas transmission and distribution system of said city and from no other source. Notice of redemption shall be given by publication of appropriate notices one time not less than thirty days prior to the date fixed for redemption in a newspaper published in the City of Bay St. Louis and in a financial newspaper published in the City and State of New York. Such notice shall also be sent by registered mail not less than thirty days prior to the date fixed for redemption to the place of payment of the bonds and to the registered holders of any bonds called for redemption which may at the time of call be registered as to principal.

Section 3. That said bonds shall be signed by the Mayor and attested by the City Clerk with the corporate seal of the city impressed thereon and that the interest coupons to be attached thereto shall be signed by the facsimile signatures of said officials, which officials by the execution of said bonds shall adopt as and for their own proper signatures their respective facsimile signatures appearing on said coupons.

Section 4. That said bonds and the coupons to be thereto attached and the certificate to appear on the back hereof shall be substantially the following form:

(Form of Bond)
UNITED STATES OF AMERICA
STATE OF MISSISSIPPI
COUNTY OF HANCOCK
CITY OF BAY ST. LOUIS
GAS REVENUE REFUNDING BOND

Know All Men By These Presents that the City of Bay St. Louis, Hancock County, Mississippi, for value received promises to pay to bearer, or if this bond is registered as to principal then to the registered holder, the sum of One Thousand Dollars (\$1,000) on December 1, 1943, together with interest thereon until paid at the rate of four and one-half per cent (4 1/2%) per annum; payable semi-annually on June 1 and December 1 of each year; interest falling due on and prior to the maturity of this bond being payable only upon presentation and surrender of the annexed interest coupons as they severally mature. Both principal hereof and interest thereon shall be payable in money of the United States of America at the bank in the City of Bay St. Louis which serves as city depository.

Bonds numbered 148 and 196 inclusive of the issue of which this bond is one may be called for redemption at the option of the City of Bay St. Louis on December 1, 1943, and on any interest payment date thereafter at par and accrued interest to the date fixed for redemption; provided that funds for such purpose are available from surplus revenues derived through the operation of the gas transmission and distribution system of said city and from no other source. Notice of redemption is to be given by publication of appropriate notice one time not less than thirty days prior to the date fixed for redemption.

Whereas authority to issue refunding bonds for such purposes is contained in Chapter 317 of the General Laws of Mississippi, 1940, and it is provided in said Chapter that the refunding bonds shall be payable from the same source of revenue and so far as possible shall be secured in the same manner and by the same covenants and agreements as were the bonds refunded and it is desired to authorize such refunding bonds;

Now, Therefore, Be It Resolved by the Commission Council of the City of Bay St. Louis, Hancock County, Mississippi, as follows:

Section 1. That for the purpose of refunding \$196,000 Gas Revenue Bonds of the City of Bay St. Louis described in the preamble hereto, there shall be issued bonds of said city in the principal amount of \$196,000 to be known as "Gas Revenue Refunding Bonds."

Section 2. That said bonds shall be dated December 1, 1941, shall be in the denomination of \$1,000 each, shall be numbered 1 to 196 inclusive, shall bear interest at the rate of four and one-half per cent (4 1/2%) per annum until paid, payable semi-annually on June 1 and December 1 of each year; interest falling due on and prior to maturity to be represented by appropriate coupons to be attached to said bonds, and said bonds shall be payable as to both principal and interest in lawful money of the United States of America at the bank in the City of Bay St. Louis which serves as the city depository, and shall become due serially in numerical order as follows:

Maturity Date	Amount
December 1, 1945	\$3,000
December 1, 1946	\$3,000
December 1, 1947	\$4,000
December 1, 1948	\$4,000
December 1, 1949	\$5,000
December 1, 1950	\$5,000
December 1, 1951	\$5,000
December 1, 1952	\$6,000
December 1, 1953	\$6,000

A. G. FAIVRE, Clerk

to the date fixed for redemption in newspaper published in the City of Bay St. Louis and in a financial newspaper published in the City and State of New York. Notice is also to be sent by registered mail not less than thirty days prior to the date fixed for redemption to the place of payment of this bond and to the registered holders of any bonds called for redemption which may be then registered as to principal.

This bond is registrable as to principal in the name of the holder on books to be kept for such purpose by the City Clerk as Registrar. Each such registration is to be noted on the back hereof and thereafter this bond may be transferred only by the registered holder or his duly authorized attorney and such transfer shall be noted upon the back hereof and upon the City Clerk's registration books. Registration of this bond as to principal may be discharged by registration to bearer, but this bond shall not again be transferable by delivery but may be again registered as to principal as before. Registration of this bond as to principal shall not restrain the negotiability of the coupons hereto attached by delivery merely.

This bond is one of a series of one hundred ninety-six bonds of like date and tenor except as to maturity, issued under authority of and in full compliance with the Constitution and Statutes of the State of Mississippi, including Chapter 281 of the General Laws of Mississippi, 1940, and pursuant to the provisions of a resolution adopted by the Commission Council of the City of Bay St. Louis on the 12th day of December, 1941, for the purpose of refunding a like principal amount of valid and legally outstanding Gas Revenue Bonds of the City of Bay St. Louis issued under authority of Chapter 317 of the General Laws of Mississippi, 1940, as amended.

It is hereby certified, recited and declared that all acts, conditions and things required to be done, exist and be performed precedent to and in the issuance of this bond in order to make this bond a legal valid and binding obligation of said City of Bay St. Louis have been done, exist and have been performed in regular and due time, form and manner as required by law. This bond and the series of which it is one are payable as to both principal and interest solely from a special fund to be derived from the revenues received from the operation of the gas transmission and distribution system of the City of Bay St. Louis as provided in the above described resolution. The taxing power of the City of Bay St. Louis is not pledged to the payment of this bond or interest thereon.

Under the provisions of Chapter 281 of the General Laws of Mississippi, 1940, Chapter 317 of the General Laws of Mississippi, 1940, and the aforesaid resolution, the City of Bay St. Louis is required to maintain rates for the services, facilities afforded by its gas transmission and distribution system sufficient at all times to pay the interest on and principal of the series of bonds of which this is one, to accumulate a reserve fund for such purpose and to provide for the payment of the cost of operating and maintaining said system; necessary to keep said system at all times in good repair and working order. No other obligations may be issued by the City of Bay St. Louis payable from the revenues of said system except in such manner that said obligations are entirely subordinate to this bond and the series of which it is a part in the application of such revenues.

In Witness Whereof, the City of Bay St. Louis has caused this bond to be signed by its Mayor, attested by its City Clerk and the corporate seal of said city to be impressed hereon and has caused the interest coupons hereto annexed to be executed by said Mayor and Clerk and their respective facsimile signatures, all as of this first day of December, 1941.

Mayor

Attest:

City Clerk.

(Form of Coupon)

No. _____ \$22.50
On the first day of _____, 19____, the City of Bay St. Louis, Hancock County, Mississippi, promises to pay to bearer, or out of the revenues provided in the bond to which this coupon is attached, at the bank in the City of Bay St. Louis which serves as city depository, the sum of Twenty-Two and 50/100 Dollars (\$22.50) in lawful money of the United States of America, being six months' interest due that day on its Gas Revenue Refunding Bond dated December 1, 1941, and numbered _____.

Mayor

Attest:

City Clerk.

Section 5. That said bonds shall be registrable as to principal in the name of the holder on books to be kept for that purpose by the City Clerk as Registrar, which registration shall be noted upon the back hereof and upon the City Clerk's registration books. After registration, no transfer shall be valid unless made on the registration books of the City Clerk by the registered holder or his duly authorized attorney and similarly noted on the back hereof. Bonds registered to principal may be discharged from registration by being transferred to bearer, after which they shall be transferable by delivery but may be again registered as to principal as before. The registration of any bond as to principal shall not restrain the negotiability of the coupons thereto attached by delivery merely.

Section 6. That from and after the issuance of any of the bonds herein authorized the income and revenues to be derived from the operation of the gas transmission and distribution system of the City of Bay St. Louis as said system now exists and as it may hereafter exist will

1964	12,000	2,745	1,474.50	16,219.50
1965	12,000	2,205	1,520.50	15,725.50

The amounts accumulated in said fund by reason of the payments above listed as "reserve" are to be held in said fund as a reserve for contingencies and used solely as hereinafter specified, provided, however, that no other payments need be made into the Gas Revenue Refunding Bond Sinking Fund when the amount then held in said fund, including the reserve for contingencies and interest on money in the retirement fund, is equal to the entire amount of interest on and principal of said bonds which will be payable at the time of their respective optional or maturity dates as hereinafter provided.

If, for any reason, the city shall fail to make any such payment into said fund during any twelve-month period, any sums then held in the reserve portion of the sinking fund shall be used to pay any interest on or principal of said bonds becoming due as to which there would otherwise be a default, but such reserve shall be reimbursed from the first payments made into such fund in the following twelve-month period or periods.

At any time when there shall be in the reserve portion of said fund exceeding by Five Thousand Dollars (\$5,000) or more the amount which will be required for principal and interest during the succeeding twelve-month period, such sum so in excess of the principal and interest requirements for said twelve-month period shall be used to retire in their inverse numerical order the bonds herein authorized which are then optional for redemption under the terms thereof, and if at any time there shall be in said fund a surplus as herein provided and there are then outstanding no bonds issued hereunder which are optional for redemption, such surplus shall be used in the purchase and retirement of bonds pursuant to tenders or pursuant to the best price or prices obtainable. No bonds are ever to be called for payment or purchased and retired with money in the reserve fund at a time when any of the bonds authorized hereunder are in default as to either principal or interest. All bonds deemed or purchased shall be immediately cancelled and shall not be reissued.

The payments hereinabove required to be made into the sinking fund shall be made in approximately equal monthly installments on the first day of each month, except that when the

first day of any month shall be a Sunday, or a legal holiday, such payments shall be made on the next succeeding regular day. All of such payments shall be sent to the bank which is acting as the paying agent for said bonds and shall be held by said bank in a separate fund as a trust account solely for the purpose of paying principal of and interest on the bonds herein authorized as in this section provided. Said trust fund shall be irrevocable and not withdrawable by anyone for any purpose other than the payment of principal of and interest on said bonds and for the purchase and redemption of bonds as hereinabove provided.

Section 8. That there shall next be set aside from the sinking fund and the revenues of the system equivalent to Two Thousand Two Hundred Seventy-Five Dollars (\$2,275) annually, which sum shall be deposited in the Gas System Depreciation Fund, and shall be expended in making good any depreciation in said system and in making extensions, additions or improvements to said system. Subject to the sufficiency of the income and revenues of said system to make the required monthly payments into the sinking fund as heretofore provided, such amount shall be paid into the depreciation fund in substantially equal monthly payments from the revenues and income of the system, and if the balance of the revenues and income in any month is not sufficient to make the required payments then the amount of any deficiency in the payments shall be added to the amount otherwise required to be paid into the depreciation fund in any succeeding month or months. The moneys in said fund shall be kept in the bank as city depository separate and apart from all other city funds, and shall be secured in the manner provided by the laws of Mississippi for the securing of public funds.

Section 9. That after the monthly payments hereinabove required have been made into the sinking fund and into the depreciation fund there shall next be paid from the revenues of said system into the fund above designated as the Gas System Operation and Maintenance Fund as much of the remaining revenues as are necessary to pay the reasonable and proper expenses of operating, maintaining and repairing said system. On November 30th of each year any surplus which has accumulated in the gas system and maintenance funds in excess of the amount estimated to be necessary for one year's operating and maintenance costs shall be transferred to the reserve portion of the sinking fund and shall be used for the redemption or purchase of bonds in the manner provided in Section 7 above. If in any year the revenues which remain after the pay-

City Echoes

—“Sergeant York” is coming.
—Miss Decima Rea of Wesson arrived here on Friday for a visit at the home of her sister-in-law, Mrs. George R. Rea.

—The many friends of Mrs. E. S. Drake will be sorry to learn of an illness which has kept Mrs. Drake in doors for the past several weeks.

—Dr. and Mrs. R. W. Gaston of New Orleans, former Bay St. Louis residents, were the guests of Dr. and Mrs. Alvah P. Smith last week end.

—Mr. and Mrs. Joseph J. Miranne of New Orleans spent last week end at their beach villa, the former Welch home, on South Beach Boulevard.

—“Sergeant York” is Coming.
—Miss Aimes Reed, assistant state supervisor of W. P. A. public activities program, was a visitor to the Hancock County Library on Wednesday.

—Business visitors to the Capital city, Jackson, on Tuesday were Sheriff Horace L. Kerosien, City Attorney Lucien M. Gex and Leo W. Seal, president of the Hancock Bank.

—Mr. A. D. Landry and his mother, Mrs. A. D. Landry, have returned from a ten day trip to Gonzales, Louisiana, where they visited with relatives, and attended to property interests.

—Mrs. Jack Bosarge and little son spent the week-end visiting in Bay St. Louis with Mrs. Bosarge's sisters, Mrs. Harry Lee Witter, Mrs. A. James, Miss Lillian Ladner, and with Mr. and Mrs. Nolan Ladner.

—Captain T. M. Hendrix arrived from Camp Shelby and spent the week end with his family at their home on Union street. The Hendrixs are occupying the Schilling home while residing in Bay St. Louis.

—The many friends of Mrs. Eugene Mogabgab will regret to learn of a fall she suffered down the stairs of her home when she received a painful cut on her chin which necessitated several stitches, and from which she was badly shocked.

—Mr. and Mrs. T. J. McCaleb accompanied their relatives, Mr. and Mrs. G. Whalen on Sunday on a trip to Pascagoula where they visited their son-in-law and daughter, Mr. and Mrs. W. Scatchard.

—Mr. Edouard Carriere, Jr., son of Mr. and Mrs. Edouard C. Carriere, Sr., left this week for New Orleans where he joined the United States Coast Guard and is at present quartered for two weeks in the Southern Yacht Club before being assigned elsewhere.

—“Sergeant York” is Coming.
—Miss Adelaide Heitzmann entertained a few close friends at a dinner at her home on Hancock street honoring Robert Sternerke of Keeler Field, Biloxi, on Wednesday on the occasion of Mr. Sternerke's birthday. Afterwards, the party enjoyed a movie and dancing.

—Mark Smith, son of Mr. and Mrs. Carl Smith, spent the week here coming from New York where he graduated from a Reserve Officers Training School and received his commission as ensign in the United States Navy and leaves this Friday for Key West, Florida. Ensign Smith is a graduate of Bay High School and Tulane University and Bay St. Louis is proud of another of its sons who have met with such success.

PROMINENT COUPLE MARRIED SUNDAY
A marriage uniting members of two of Bay St. Louis' oldest families was celebrated on Sunday at Our Lady of the Gulf Church when Miss Dorothy Fayard, daughter of Mr. Otto Fayard and the late Mrs. Fayard, and Daniel Ziegler, Jr., son of Mr. and Mrs. Daniel Ziegler, Sr., were quietly married with the Rev. A. J. Gmelch officiating.

Miss Fayard was given in marriage by her father and was becomingly gowned in a bride's dress and brown and tan shepherd's plaid coat with brown accessories and with a corsage of gardenias completing her costume.

Her attendant, Mrs. Ulisses Fayard, of Baton Rouge, wore olive green with cerise accessories.

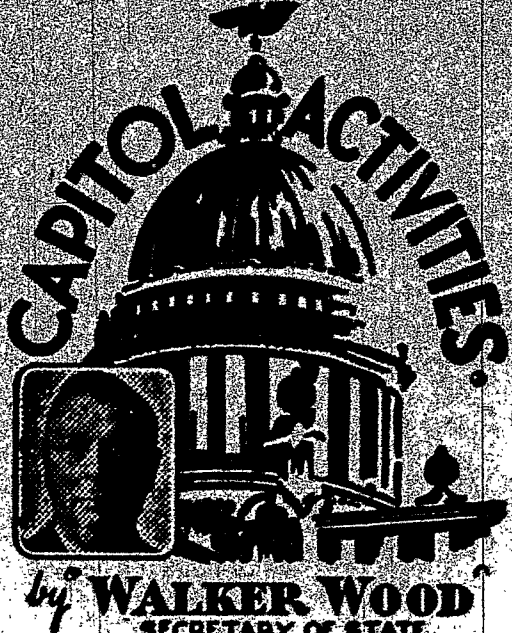

Mr. Ziegler had as his best man, Mr. Herman Fayard.

The young couple left immediately after the ceremony for a short trip, after which they will be at home in Gulfport where Mr. Ziegler is a member of the clerical staff of the Veterans Facility in Gulfport.

Mrs. Ziegler is a graduate of Bay High School and the Hotel Dieu School of Nursing, and Mr. Ziegler is also a graduate of Bay High School, both young people well known here and on the Coast.

—“Sergeant York” is Coming.
VOLUNTEERS
The War Department will not abandon voluntary enlistment as previously announced. The age limit for initial enlistments is from 18 to 35.

Another Court District

A BILL has been introduced in congress by Sen. Bilbo proposing to establish the third federal court district in Mississippi. The new district would be known as the Northern district. At present the state has two districts, and presiding judges of present districts are Judge Sid Mize of Gulfport and Judge Allen Cox of Baldwin.

File By February 1

Builders who need priorities assistance to complete construction of privately owned or non-defense houses should not overlook the fact that such application must be made before February first—after that date the door will be closed.

Supreme Court Speaks

“Goat Castle,” famous ante-bellum home and one time Episcopal rectory of Natchez, has been lost to its former owner, Dick Dana, through a decision of the Supreme Court rendered last week. Mr. Dana belonged to one of the old and well known families of Mississippi and at one time was a famous pianist. About 25 years ago he was declared of unsound mind and Miss Octavia Dockery was appointed as his guardian. They lived in the old home and raised many goats, which were given the liberty of the building and grounds and the place came to be known as “Goat Castle.” Money was borrowed on the property and it was lost through foreclosure, which was upheld by the Supreme Court after being in litigation for several years. “Goat Castle” is one of the places around Natchez never overlooked by visitors.

Would Reduce Income Tax

The second bill to pass both houses was a bill providing for a reduction in state income tax rate, which bill according to experts in the tax commission will cut off about \$1,360,000 from next year's total.

Liberty bonds or German bondage.

Game and Fish Law.

Senate Bill No. 222 passed both houses in 1940 but has remained on the desk of the Governor since that time until the present session convened, when the Governor signed the bill. It deals with the State Game and Fish Commission and amends Chapter 123 of the Laws of 1933 and such amendments as had been attached to the law prior to 1940. The law now in force makes a number of important changes, and will likely be discussed for the benefit of the public by the Game and Fish Commission at any early date.

MOVING INLAND

The Government is studying the possibility of moving essential defense plants, such as airplane and engine factories, away from coastal areas.

Swift new tanker Kentucky is first big ship launched in 1942.

ORDINANCE NO. 36

AN ORDINANCE AUTHORIZING BLACKOUT AND AIR RAID PROTECTION ORDERS, RULES AND REGULATIONS, PRESCRIBING PENALTIES FOR VIOLATION THEREOF, AND DECLARING AN EMERGENCY.

Whereas, a state of war exists between the United States of America and Japan, Germany and Italy, and the defense of the United States of America is in the hands of the Army and Navy; and

Whereas, in modern warfare, no city, however distant from the enemy, is free from attack; and

Whereas, lights at night time are a definite aid to the enemy in reaching military and other objectives; and

Whereas, blackouts, when ordered by the Army and Navy are essential to the preservation of life and property in this city, and it is imperative that the City of Bay Saint Louis aid the Army and Navy by all possible co-operation and assistance; and

Whereas failure to extinguish lights when ordered to do so by the duly authorized authorities, result in loss of life by thousands of the residents of the City of Bay Saint Louis as well as the residents of other parts of the Nation when lights in this city are used as a guide to other objectives;

Whereas, failure to comply with orders, regulations, rules and regulations, evacuations, traffic movements, congregation of persons in streets and other public places will result in confusion and unnecessary loss of life both during blackouts and during air raids in the day time, now, therefore,

Be it ordered by the Council of the City of Bay Saint Louis:

Section 1. AUTHORITY TO PROMULGATE NECESSARY ORDERS, RULES AND REGULATIONS FOR BLACKOUTS AND AIR RAIDS. In order to protect life and property in the City of Bay Saint Louis from enemy attack, the Mayor is authorized and directed to carry out blackouts and air raid measures in said city at such times and for such periods as are authorized or ordered by the Commission Council of said City and to promulgate such orders, rules, and regulations as may be necessary to insure the success of such measures and to protect life and property during said periods. Said orders, rules and regulations shall include traffic movements of emergency or other vehicles, evacuation of residents, congregation of persons on public streets, sidewalks, in public places or buildings, but this authorization shall not be taken as a limitation of the power to promulgate orders, rules, regulations governing any other subject, persons or property which must be regulated in order to insure the proper carrying out of any duly authorized blackout or air raid protection measure.

Practice blackouts and air raid drills shall be available at such times and for such periods as the Mayor shall in his discretion deem appropriate or necessary, but subject always to the orders and directions of the Commission Council of the City of Bay Saint Louis.

Section 2. GENERAL ORDERS, RULES AND REGULATIONS TO BE IN WRITING.

All orders, rules and regulations authorized by this ordinance for the conduct of the general public shall be in writing and shall be available for public inspection at the place and during the hours fixed by the Mayor (or authorized local civil defense official).

Section 3. ORDERS, RULES AND REGULATIONS EFFECTIVE UNTIL REPEALED BY COUNCIL.

Any order, rule or regulation promulgated pursuant to the authority conferred by this ordinance shall be in force and effect from the time of promulgation until it is repealed or amended by the Council of the City of Bay Saint Louis.

Section 4. APPOINTMENT OF SPECIAL POLICE—IDENTIFYING EMBLEM.

The Mayor may appoint for a specified time as many special police, without pay, from among residents of the City of Bay Saint Louis as may be advisable for service in connection with any blackout or air raid protection measure. During the term of service of such special police, they shall possess all the powers and privileges and perform all the duties of privates in the standing police force of the City of Bay Saint Louis. Said special police must wear such identifying emblem as may be prescribed by the Mayor and it shall be unlawful for any said special policeman to attempt to carry out any order, rule or regulation promulgated under the authority conferred by this ordinance when he is not wearing said identifying emblem.

Section 5. UNAUTHORIZED WARNING SIGNALS—CLEAR SIGNALS PROHIBITED.

Any unauthorized person who shall operate a siren or other device so as to stimulate a blackout signal or air raid, or the termination of a blackout or air raid shall be deemed guilty of a violation of this ordinance and shall be subject to the penalties imposed by Section 10 of this ordinance.

Section 6. NO MUNICIPAL OR PRIVATE LIABILITY.

This ordinance is an exercise by the city of its governmental functions for the protection of the public peace, health and safety, and neither the City of Bay Saint Louis, the agents, or representatives of said city, or any individual, receiver, firm, partnership, corporation, association, or trustee, or any of the agents thereof, in good faith carrying out, complying with or attempting to comply with any order, rule or regulation promulgated pursuant to the provisions of this ordinance shall be liable for any damage sustained to person or property as the result of said activity.

Section 7. LIGHTS DURING BLACKOUT DECLARED PUBLIC NUISANCE.

Any light displayed contrary to any order, rule or regulation promulgated pursuant to the provisions of this ordinance constitutes a public nuisance and when deemed necessary in order to protect life and property during a blackout or air raid the police, or the special police authorized herein, are authorized and directed to

FEDERAL TAG STICKERS FOR SALE AT POST OFFICE

Post Master Leo G. Ford announces that the federal tag stickers which are required for every automobile owner are on hand and for sale at the Post Office.

Mrs. E. M. Sternberg Elected President of Bay District N. C. C. W.

At a meeting held in Gulfport last Wednesday, Mrs. E. M. Sternberg of Gulfport was elected president of the Bay St. Louis District of the National Council of Catholic Women to fill the term of Miss Jeanne Knost of Pass Christian who was elected in October but because of illness was not able to hold office.

HOSPITAL NOTES

—Mrs. Frank Johnson has been a patient at the Kings Daughters Hospital suffering from pneumonia and bronchitis.

Miss Vickie Carver is still a patient where she is recovering from a broken hip suffered in a fall some time ago.

Mrs. Laura Swann Favre fell at her home on Sycamore and suffered a broken hip and after receiving emergency treatment at the local hospital, was removed to the Kings Daughters Hospital in Gulfport.

Mrs. Arthur Cospolich is a medical patient this week.

Larry Mauffray, little son of Mr. and Mrs. Alden Mauffray, suffered a painful accident on Wednesday at school and had to have four stitches taken in his lip which cut severely.

Our 1941 output in vital war items equaled that of Axis.

Ten-year-old children in the fifth grade of the school Pat O'Brien attended in Milwaukee sent him a novel Christmas gift in the form of a story, in book form, entitled, “To Pat O'Brien's House for Christmas Eve.”

It was illustrated with their own posed photographs in costumes from pictures in which Pat has appeared, such as Father Duffy, Knute Rockne, Hildy Johnson, and others. The last scene depicts the entire group of children at Pat's home for Christmas Eve.

OPA bans auto production after January 31.

enter upon any premises within the City of Bay Saint Louis, using reasonable force, and extinguish lights or take other necessary action to make effective any order, rule or regulation promulgated under the authority conferred by this ordinance.

Section 8. NO CONFLICT WITH STATE OR FEDERAL STATUTES.

This ordinance shall not be construed so as to conflict with any State or Federal statute or with any Military or Naval order, rule or regulation.

Section 10. PENALTIES FOR VIOLATIONS.

Any person, firm or corporation violating any of the provisions of this ordinance or any order, rule or regulation issued pursuant thereto shall be deemed guilty of misdemeanor and upon conviction thereof shall be punished by a fine of not exceeding Five Hundred (\$500.00) Dollars or imprisonment for not more than six months, or by both said fine and imprisonment.

Section 11. SEPARABILITY OF PROVISIONS.

It is the intention of the City Council that each separate provision of this ordinance shall be deemed independent of all other provisions herein, and if it is further the intention of the City Council that if any provisions of this Act be declared to be invalid, all other provisions thereof shall remain valid and enforceable.

Section 12. FINDING OF EMERGENCY.

This ordinance is passed as an emergency measure, and the Council does by the vote of which this ordinance is passed, hereby declare that a national emergency exists, which makes it imperative that this ordinance should become effective forthwith by the nature of said emergency being as follows: a state of war exists between the United States of America and Japan, Germany and Italy, and the President of the United States has declared that an invasion or predatory incursion is threatened, and it is necessary in the furtherance of the public health, safety and welfare of the residents of this city that this ordinance be effective immediately.

The foregoing Ordinance having been first reduced to writing was read and considered section by section and then as a whole and upon motion duly seconded was finally passed and adopted, section by section, and then as a whole by the following vote, to-wit:

Those voting yea: G. Y. Blaize, Mayor; W. L. Bourgeois, Commissioner of Finance and H. Grady Perkins, Commissioner of Public Utilities.

Those voting nay: None.

Adopted this 20th day of January 1942.

G. Y. BLAIZE, Mayor.

H. GRADY PERKINS, City Clerk.

RESOLUTION

(Continued from page 3)

ment of the required amount, into the sinking fund and into the depreciation fund are insufficient to pay the reasonable and necessary expenses of operating, maintaining and repairing the system for such year, the city agrees that so far as it legally may it will pay from its general revenues such operating and maintenance costs, or the portion thereof for which there are insufficient revenues remaining from the operation of the system.

Section 10. That so long as any of the bonds herein authorized remain outstanding the City of Bay St. Louis will maintain, for the benefit of the holders of the bonds herein authorized, insurance of the kinds and in the amounts which are normally carried by private companies engaged in the operation of gas systems, and the cost of such insurance shall be considered a part of the cost of operating and maintaining the system.

Section 11. That the City of Bay St. Louis hereby covenants and agrees with the holder or holders of the bonds herein authorized to be issued, or any of them, that so long as any of the bonds remain outstanding it will keep proper books of record and account, separate from all other municipal records and accounts, showing separate, complete and correct entries of all transactions relating to said system, and that the holders of any said bonds shall have the right at all reasonable times to inspect the system and all records, accounts and data of the city relating thereto, and that the City of Bay St. Louis will furnish to any holder of any of the bonds at the request of such holder, more than thirty days after the close of each fiscal twelve-month period, complete audits and operating and income statements of the system in reasonable detail covering such fiscal period, certified by the city's auditor.

Section 12. That the City of Bay St. Louis further covenants and agrees with the holder or holders of said bonds, or any of them, that it will faithfully and punctually perform all duties with reference to the system required by the Constitution and Laws of the State of Mississippi, including the making and collecting of reasonable and sufficient rates for the purchase of natural gas and services rendered by the system, and will segregate the income and revenues of the system and apply same to the respective funds created by this resolution. The City of Bay St. Louis hereby further irrevocably covenants, binds and obligates itself not to sell, lease, or in any manner dispose of the system or any substantial part thereof, including any and all extensions and additions that may be made thereto, until all of the bonds herein authorized to be issued shall have been paid in full, both principal and interest, and irrevocably covenants and binds itself to maintain the system in good condition and continuously to operate same and to charge and collect such rates and charges for services rendered thereby to the City of Bay St. Louis and its departments, and to all consumers of gas furnished thereby, so that the revenues derived therefrom will be sufficient at all times to provide for the Gas Revenue Refunding Bond Sinking Fund, the Gas System Depreciation Fund, and the Gas System Operating and Maintenance Fund, as hereinabove provided.

Section 13. That for the further protection of the holder or holders of the bonds herein authorized and the security of said bonds, the City of Bay St. Louis agrees to renew at the expiration hereof the contract for the purchase of natural gas hereinafore entered into between the city and the United Gas Pipe Line Company or in lieu thereof to contract for a supply of natural gas at rates as favorable to the city as can then be obtained, and so far as it legally may the city further agrees that if at any time a supply of natural gas shall no longer be obtainable in amounts sufficient to supply the city and its consumers it will construct a plant for the manufacture of artificial gas and will distribute such gas through its distribution system and will impose and collect charges for the sale of such gas and allocate the revenues to be received from the sale of such gas in all respects as hereinabove provided for the allocation of the revenues to be received from gas distributed through the system.

Section 14. That the bonds herein authorized shall enjoy complete parity of lien with the bonds heretofore entered into between the city and the United Gas Pipe Line Company or in lieu thereof to contract for a supply of natural gas at rates as favorable to the city as can then be obtained, and so far as it legally may the city further agrees that if at any time a supply of natural gas shall no longer be obtainable in amounts sufficient to supply the city and its consumers it will construct a plant for the manufacture of artificial gas and will distribute such gas through its distribution system and will impose and collect charges for the sale of such gas and allocate the revenues to be received from the sale of such gas in all respects as hereinabove provided for the allocation of the revenues to be received from gas distributed through the system.

Section 15. That the bonds herein authorized shall be prepared and executed as soon as may be after the adoption of this resolution and after completion of the validation proceedings for which provision is herein made, and shall be delivered in exchange for and upon simultaneous cancellation of the outstanding bonds authorized to be refunded thereby.

Section 16. That the provisions of this resolution shall constitute a contract between the City of Bay St. Louis and the holder or holders of the bonds herein authorized to be issued, and after the issuance of any of said bonds, no variation or alteration of any kind in the provisions of this resolution shall be made until all of the bonds herein authorized have been paid in full as to both principal and interest. All rights and remedies authorized to be granted to the holders of the bonds herein authorized under the provisions of Chapter 217 of the General Laws of Mississippi, 1934, and Chapter 281, General Laws of Mississippi, 1940, including the right to bring appropriate suits and actions in law or in equity, and the right to require the appointment of a receiver in the event of default, are hereby given to such holders in all respects as though said rights and remedies were herein set out in full.

Section 17. That proceedings shall be instituted under authority of Chapter 10 of the Mississippi Code of 1906 for the validation of the bonds herein authorized and that the City Clerk is directed to prepare and transmit to the State's bond

CHANCERY SUMMONS
THE STATE OF MISSISSIPPI
To Grace Serio LeGross
You are summoned to appear before the Chancery Court of the County of Hancock, in said State, on the Fourth Monday of February, A. D. 1942, to defend the suit No. 4555 in said Court of Percy Lee LeGross, wherein you are a Defendant.
This 21st day of January, A. D. 1942.
(SEAL) A. G. FAVRE, Clerk.

attorney certified copies of all legal papers pertaining to the authorization and issuance of said bonds, and such other papers as may be required by the State's bond attorney.
Section 18. That if any section, paragraph or clause or provisions of this resolution shall be held to be invalid for any reason, the invalidity thereof shall not affect any of the remaining provisions of this resolution.
Section 19. That all resolutions and orders or parts thereof in conflict herewith are to the extent of such conflict hereby repealed.
Section 20. That because of the fact that the holder of the bonds herein authorized to be refunded has agreed to surrender such bonds in exchange for the bonds herein authorized only if such exchange is consummated prior to January 1st, 1942, it is hereby found and declared that an emergency exists making it immediately necessary to the preservation of the public health, peace and safety that this resolution shall become effective immediately upon its passage and it is so resolved.
The foregoing resolution having been first reduced to writing was read and considered section by section and then as a whole and upon motion of W. L. Bourgeois, Commissioner of Finance and H. Grady Perkins, Commissioner of Public Utilities, those voting yea: None.
Approved and Adopted December 12th, 1941.
(Signed) G. Y. Blaize, Mayor.
(Signed) H. GRADY PERKINS, City Clerk.

DON'T MISUSE YOUR TELEPHONE
Here are some common mis-uses of the telephone which account for a large portion of service interruptions

DON'T LEAVE THE RECEIVER OFF THE HOOK
Many people forget to hang up the receiver when they finish talking. Whenever you do this you put your telephone out of order until you replace the receiver, or a telephone “trouble man” is sent out to replace it for you.

DON'T JIGGLE THE HOOK
When using a dial telephone never touch the receiver hook. If you move it at all while dialing or after you have dialed a number it will disconnect you. Also when dialing a number let the dial return of its own accord. Don't try to hurry it.

DON'T LET YOUR CORD BECOME TWISTED
One of the most common causes of telephone trouble is twisted cords. Keeping these cords free of kinks will avoid trouble on your line.

DON'T TALK TOO FAR FROM THE MOUTHPIECE
Many people have difficulty in making themselves understood over the telephone, because they talk at their telephone instead of into them. When speaking over the telephone keep the lips about one-half inch from the mouthpiece, and speak directly into it in a natural tone of voice.
